

# Technology to Review Your VFR Flights    A Guide for CFIs Students and Pilots

Learn from a Master CFI how using technology to debrief your flights can make you a much better pilot. Every pilot, AND INSTRUCTOR, should know these simple ways to look back at a flight to see what went right and areas that could be improved upon.

A great class for every pilot and CFI.

**Directions:** CFAA(Central Florida Aerospace Academy) is inside SunNFun at Lakeland Airport. The building is located at the corner of Medulla Rd and Peggy Brown Rd. near the main entrance. The class is free but requires admission to SunNFun. For more information please visit <http://www.sun-n-fun.org>

## A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
